NO SORTING NEEDED! PUT ALL YOUR RECYCLABLE MATERIALS IN YOUR BRIGHT GREEN KIMBLE CART!

There is no need to bundle your newspapers, cardboard and other materials separately. We do encourage you rinse your recyclable containers to help reduce odors, insect attraction, liquid soiling of fiber products and rejection of containers at the recycling plant.

Look for the recycling symbols embedded at the bottom of most plastics bottles to identify the #1 - #7 recyclable plastics. All the recyclable items can be mixed together in your recycling container. The recyclable materials will be segregated and prepared for market at our recycling facility. Thank you for helping Kimble Recycling & Disposal make Mayfield Heights's automated curbside recycling program a success!

We do not recycle paint cans, or anti-freeze and motor oil containers. We do not recycle wax cartons, batteries, light bulbs, or wire hangers. With regard to plastics #1 through #7, we recycle the rigid containers used for food, beverage, and health and beauty aid products, but not plastic bags, Styrofoam, toys, or plastic utensils.

Kimble works hard to preserve precious landfill capacity by recycling nearly 350,000 pounds of post-consumer waste EACH DAY! We are excited to start the curbside collection program for the residents of Mayfield Heights. We encourage participation in this program which provides residents a convenient way to conserve natural resources and help the environment.

Recyclable materials will be collected EVERY-OTHER-WEEK by a separate recycling truck. Simply place your recycling cart no closer than three 3 feet of your trash cart on your regular collection day. Leave three feet of space between your recycling cart and other objects, with lid opening facing the street.

To assist you, the recycling pickup schedule is shown above. **Collection of your recyclable materials contained in the two wheeled recycling cart provided for your use by Kimble will occur in the weeks highlighted in gray.** All recyclable materials collected in the City will be taken to the Kimble Recycling facility to be processed, segregated and returned to market. Thank you for helping make Mayfield Height's recycling program a success.
